

Raintree View
Meeting Notes 9/9/09

Present were Alan Dancy, Stan Spruill, Tom Tucek and Brian Whitley. Also present was Warren Oblinger. Unable to attend were San LaPoint and Brenda Miller.

The purpose of this meeting was to brainstorm with Warren so that he could begin to develop working plans for Raintree View. The theme is to be park like with areas reserved for possible future amenities. In this way, possible grading, landscape and tree planting can begin.

Alan felt that rules for use of the area should be developed and communicated to residents. After discussion, Alan volunteered to develop rules/guidelines.

Warren will begin developing plans and present to the committee for discussion when he has them available.
