

An activity meeting was held on Wednesday, March 9, 2005 at the clubhouse. Those in attendance were:

Rose Marie & Joe Walter Brenda Miller

A discussion was held in detail pertaining to the "Spring Fling". Final details were discussed including, acquiring the band, trash service, and security for the event. The flyer was discussed and completed.

A short discussion was held concerning updates on the "Earth Day" celebration. The flyer was discussed and completed.

A short discussion was held concerning purchasing of a tent for outdoor activities and the purchase of additional chairs and tables for interior use.

Flyers of these two upcoming events will be copied for distribution at the clubhouse due to the calendar showing a lot of activity in the following month at the clubhouse. (Boat safety meetings, garden club meetings, etc.) Copies will be made of the flyers to be folded by committee members and stuffed in envelopes for the quarterly billing. (Once again, Rachelle, could you give me the date that I need to have these done by?) .

A local Girl Scout troop has volunteered to stuff the 2400 Easter eggs for the egg hunt scheduled in March. Items to be stuffed in bags for the Easter hunt were purchased on 3/12 at U.S. Toy; Most of the candy was purchased at Sams Club on the same day.

That's all I have.

Brenda
