Lesley Steinert had emailed in a report that the Spring Garage sale was completely planned and taken care of including new banners ordered for the entrance.

Brenda Miller provided a written overview of the Lake Clean-up planned for Saturday the 13th. Everyone was encouraged to spread the word about the fun family event.

Concerns were raised that Dave MacQueen, reportedly having surgery, might need some help with the upcoming Fishing Derby. Kim Jose and Kristie Mitchell were going to try to find out what might need to be taken care of for the event which is scheduled for May 29th.

Several other events were discussed, with the calendar appearing to be taken care of with coordinators for each event planned for the remainder of the year and it was noted that a coordinator had been found for the 2007 Easter Egg Hunt.

Quite a few new ideas were presented for planning upcoming events.
