

Raintree View Committee Meeting Notes  
January 13, 2010

The Committee met to discuss the options available to it for the 2010 year. Participating were Allan Dancy, San LaPoint, Stan Spruill and Tom Tucek. Unable to attend were Brenda Miller and Brian Whitley.

The Board did not budget any money this year for RV. When the budget was prepared, it was not determined whether the \$27,000 not spent by the Committee during 2009 would be rolled over for the use in 2010. Without these funds, there can be no further progress.

It was proposed that if the money became available, it might be possible to construct a parking area or the roll over money could be used to furnish playground equipment or to begin the landscaping and tree plantings.

It was decided to delay any further meetings until a decision was reached on the roll over money.
