

## **GUIDELINES FOR GREEN ENERGY ALTERNATIVES PROJECTS**

### **SOLAR ENERGY:**

Solar panels/equipment shall require written application and approval by RLPOA Architectural Review Board prior to installation.

Any solar panels and related appurtenances and equipment shall be designed and constructed to appear as an integrated part of the building architecture.

Panels shall be roof mounted so that the top surface is as flush with the roof whenever possible, with all appurtenances recessed into the structure's attic. Solar panels should be black with black trim.

Solar panels should be located on the rear or side roof of a home whenever possible.

No ground level applications will be considered.

A Photovoltaic System Application must be submitted to and approved by the City of Lee's Summit prior to installation. Copy of approval must be submitted to the RLPOA Administrative Office. *Board approved 8/11/15.*
