

COMMON GROUND MEETING – June 19, 2018

Meeting held at 6:30 pm at the Duck Pond Activity Center on June 19, 2018. Present – Kathy Goldman, Chairperson, Roberta Prudden, Sharon McCann, Toni Travalent and Robert Dye.

Two members of the Pond Committee came to our meeting. They wanted to discuss the Kite Festival, walking trails and kayak races on the ponds with the Common Ground Committee.

Advised them that the ponds are not large enough for kayak races, The races could possibly be done on the Duck Pond, Hidden Cove or Sunset Cove. Too many large boats on the main lake to have them there.

The walking trails project was turned over to the Common Ground Committee and we are working on them. Also, the Special Assessment Committee has walking trails as a priority project.

The committee decided on a location for the bench and trash can at the new walking trail. We advise office to place it facing the pond by the sign.

Discussed possible future project, flower beds at the ponds. Robert would like to see more hostas.

Light fixtures at the entryways seem to be dirty.

Comment made that maybe we need new heads on the sprinklers at the Duck Pond flower bed because water does not get much water. Will advise office.

Meeting adjourned at 7:45 pm.
