

POND COMMITTEE MEETING APRIL 23, 2024

Members Present: Judy Cheek, Darlene Sowell

Josh Cresswell also attended.

Aerator for Minnow Pond: Aerator options and final costs for Minnow Pond were discussed with receipt of the electrical bid of \$6,550 received this date.

Depending on which option is decided upon, if any funds remain from the budgeted \$13,195, the Committee proposes to install a longer cord on the Fox Run Pond aerator which would allow a more central position in the pond. Josh will check on the cost of a longer cord.

The Committee will soon have further discussion.

Darlene Sowell
