RAINTREE LAKE BOAT SLIP POLICY

This policy was passed by the Raintree Lake Board of Directors on October 8, 1996.

This policy revised and approved by the Raintree Lake Board of Directors on November 9, 2004; October 11, 2005; February 4, 2006; November 14, 2006; December 12, 2006; and September 11, 2007; December 2013

A. Purpose and Intent

This policy shall establish guidelines for the placement of boat slips, for their maintenance and for the administration of boat slips, in order to preserve the aesthetic quality of Raintree Lake while encouraging the use of pleasure craft on the lake.

B. Location of Boat Slips

No boat slip(s) or docks of any kind are allowed on Raintree Lake, lots, or common area, or otherwise within the confines of the legal description of the Raintree Lake Community without the prior approval of the RLPOA Board of Directors. The location of each slip shall be at the discretion of the RLPOA Board of Directors. Violations will result in a fine of up to \$1,000.00 per slip plus all expenses related to remedy the violation. *Approved October 11, 2005*

C. Boat Slip Leasing

The issuance of the boat slip leases shall be the responsibility of the RLPOA. RLPOA retains the right to terminate a boat slip lease for violation of this policy, failure to pay annual assessments as due, or loss of membership status of the lease by virtue of sale of property and movement from the area as called for under the Covenants and Bylaws of the Association. Construction fees are not refundable upon termination of any lease. Upon termination of lease by the Association, the individual will have the right to place their name to the bottom of the official Boat Slip Waiting List provided their membership status becomes active. *Amended February 7, 2006, and December 12, 2006*

The sale or assignment of a primary long-term or short-term lease upon sale of residential property shall be limited in any future lease entered by the Association to provide that it may only take place with written consent of the Association which shall not be unreasonably withheld and that the right to transfer said slip with the residential property shall only be permitted for the property owners that are lease holders as of October 8, 1996. Subsequent transfers of a lease or boat slip by subsequent owners or assignees of the lease shall not be permitted.

Subletting of boat slip leases shall be permitted provided all conditions of membership are met and official forms are completed in the RLPOA office by lessee and sub-lessee. Rate shall be limited to the amount set by the Board of Directors each year.

The number of boat slip leases (long and/or short term) shall be limited to one (1) per lot ownership of members as recorded on the official assessment account of the RLPOA. This provision shall exclude multiple lot ownership held for development of single family, multi-family and/or commercial development, sale and/or rental. Members with current multiple leases shall keep those leases until they do not renew or they sell their property at which time only one (1) slip lease may be transferred with the house or lot. All other slips will go to the RLPOA for the Boat Slip Waiting List.

D. Official Boat Slip Waiting List and Assignment

The official Boat Slip Waiting List shall be maintained at the RLPOA office. Lot owners who desire to lease a boat slip shall sign up in person on the official Boat Slip Waiting List by coming into the RLPOA office to sign a Boat Waiting List entry form of which the lot owner will receive a copy.

The General Manager or official designee shall maintain and organize the official Boat Slip Waiting List so lot owners' priority can be readily determined. The list shall be made available for inspection by lot owners during regular business hours. The Lake Committee Chairperson(s) shall also have a copy of the official Boat Slip Waiting List.

The official Boat Slip Waiting List shall contain names of lot owners who do not currently lease a slip as well as lot owners who currently have a lease and wish to relocate.

Priority of the official Boat Slip Waiting List shall be established by date of signing up provided membership has been uninterrupted, lot owner has not turned down any official offer for a slip and all dues and assessments are paid.

In the event a resident on the wait list becomes delinquent on dues and/or assessments, or has outstanding fines remaining unpaid, that resident's name shall be removed from the Boat Slip Wait List. Once all such obligations have been satisfied, that resident may reapply for admission to the Boat Slip Wait List. Notwithstanding other contingencies discovered upon application, the resident's name would be added to the bottom of the Boat Slip Wait List. *Amended September 11, 2007*

When a boat slip becomes available, the RLPOA office shall make reasonable attempts to inform the lot owner with the highest priority as follows:

1. If three (3) working days pass and the lot owner cannot be reached by telephone, at their business or home number, a registered letter will be mailed to their home address, as listed in the Association files, stating they have ten (10) days in which to respond to the RLPOA office with regard to acceptance or refusal of the boat slip assignment.
2. If the lot owner refuses a slip opportunity, the name shall be removed from its current priority and, if requested, added to the bottom of the official Boat Slip Waiting List. In the event of a request for a specific dock, notation will be made on list for information of availability by dock opening requested.
3. If lot owner fails to respond, then their name will be removed from the official Boat Slip Waiting List. A lot owner removed from the list may thereafter sign up on the official Boat Slip Waiting List and priority will be determined by the subsequent sign-up date.

E. Slip Renewal

Current boat slip lessees shall have first right of renewal of their current boat slip.

Leases expire on March 15th of each calendar year. Lessees shall be notified on or before January 15 of lease expiration date. Lessee shall have until March 15 to renew lease. Full payment of lease cost is required upon signing of new lease.

Failure to make timely payment of annual assessment, lease or other fines or liens imposed by the Association shall be cause for forfeiture of the lease.

No modifications to docks and/or boat slips is permitted without approval of the Lake Committee and filed with the RLPOA office. Unapproved Lessee modifications shall be removed at an hourly rate of \$25.00 for removal.

Boat lifts shall be specifically permitted upon execution of an appropriate addendum to lease of boat slip. The lessee may install the boat lift if the boat lift type and structure has been approved by the RLPOA Lake Committee. The RLPOA Lake Committee will not approve pontoons on boat lifts. Lessee shall be responsible for maintenance and insurance of said lift and shall be responsible for the cost of removal of the lift, in a timely manner, as defined by the RLPOA Board of Directors, not to exceed ten (10) days. In the event of repairs to be effected by the lessor at the end of the lease or upon forfeiture of membership rights, the Lessee assumes all fiscal responsibility. RLPOA will pay the cost of electricity for the docks. RLPOA will also pay the cost of maintenance for the power circuits, dock lighting and outlets installed by the Association. A junction box will provide a convenient access point for Lessees' circuit connections. New circuits to individual slips must be approved by RLPOA in advance. The cost of maintenance for the existing or new circuits installed by the Lessee or group of Lessees will be the responsibility of the Lessee(s). Defective circuits will be disconnected and removed at the Lessee's expense. All electrical installation or maintenance shall be performed by a licensed electrician and be approved by the City of Lee's Summit and RLPOA. *Amended November 14, 2006*

Lessee shall hold RLPOA harmless for Lessee's act or omissions or those of Lessee's acts or agents which might result in property damage or injury to others. Further, RLPOA shall not be responsible for any damage to the lift, docks or other boats caused by installation or operation of the aforesaid boat lift.

Any watercraft or lift may be removed by RLPOA if any violation of the Boat Slip Policy occurs without recourse or permission of Lessee and lease becomes null and void. No Boat Lift in need of repair will be allowed to be transferred within Raintree until all repairs are made. Reapplication for transfer may be resubmitted after repairs are made. *Dec. 2013*

G. Administration

The Lake Committee shall, from time to time, make recommendations to the Board of Directors for renewal fees and Boat Slip Policy.

2. Boats/watercraft must be properly secured to the boat slip when docked or stored.
3. For safety reasons, all accessories and equipment shall be stored in boat not on the dock. *Dec. 2013*

COMMON GROUND TREE PLANTING POLICY

Board of Directors amended February 13, 2018

Raintree Lake Property Owners Association (RLPOA) encourages the planting of trees on the Common Ground to enhance the beauty of our community and improve the general environment. **Planting of trees can be done through the community's Adopt-A-Tree program or by individual residents. The procedures are as follows:**

1. Notify the office of request, and type of request (Adopt-A-Tree or individual purchase).
2. Select the area where you wish to plant the tree(s) and be willing to talk with neighbor about the tree and location. The office and Common Ground Committee must approve your selection of tree as well as the planting location to insure there are no unknown factors that would affect the planting. **Written approval must be obtained from the Common Ground Committee before anything is planted on the Common Ground. Approval will not be granted for tree planting requests if the common ground is not adjacent to the homeowner's property making the request.**
3. Select a variety of tree from the following list:

FLOWERING TREES

Green Hawthorn "Winter King"
Redbud, Eastern

SHADE TREES

Maple, Red (Sunset)
Maple, Sugar
Parrotia, Persica
Oak, Swamp White
Oak, Red

NOTE: *The goal is to insure tree varieties introduced to Raintree are disease resistant, insect resistant, do not have noxious odors or fruit or leaves that are toxic or a nuisance and generally improve the overall appearance of the community. Shrubs are generally not acceptable for planting in the Common Ground. Mature tree photos are available at the office for resident review. Other trees may be acceptable, but if you wish to plant another variety not on the approved list the Common Ground Committee must approve the request.*

4. Trees must be planted at least three (3) feet inside the Common Ground boundary. It is the responsibility of the individual planting the tree to insure excavation for the planting will not impact underground utilities. Trees must be planted so as to allow ten (10) feet of clearance from other trees, shrubs, above ground utility service installations, lake shore, drainage ditches, buildings or any other stationary object that would impede the passing of a tractor drawn mowing device.
5. When all of the above conditions have been met, you may proceed with the actual planting of the tree.
6. If a resident receives a tree through the community Adopt-A-Tree Program, the resident agrees to aid RLPOA in keeping the newly planted/replaced common ground tree alive, by watering the tree for a minimum of two (2) years.
7. Before any tree is removed from the Common Ground, you must check with the Common Ground Committee.

RAINTREE LAKE PROPERTY OWNERS ASSOCIATION ARCHITECTURAL REVIEW BOARD GUIDELINES FOR ARCHITECTURAL CONTROL

Guidelines reviewed and amended by the Board of Directors March 10, 2020.

The Architectural Review Board (hereafter ARB) of the Raintree Lake Property Owners Association has been charged with the responsibility of preserving and enhancing property value at Raintree. The ARB meets this responsibility by the following actions:

- 1) Approval of plans and specifications of all proposed new construction at RAINTREE.
- 2) Approval of plans and specifications for all improvements of property at RAINTREE.
- 3) Determination that grounds and building maintenance at RAINTREE are satisfactorily performed and is administered by Raintree Lake Codes Enforcement.

New construction and/or improvements to an existing structure must have approval of the ARB.

While legal documents of the Raintree Lake Property Owners Association permit up to thirty (30) days for approval or rejection of submitted plans, the ARB has established fourteen (14) working days as a goal for completion of the review process.

All applications for construction and/or improvements to lots, multi-family residential units and/or commercial units shall have all assessments, fines and/or liens paid to date before construction and/or improvement application shall be placed on the ARB agenda.

The application of this policy with regard to Article VII, Section 4, of the Covenants and By-laws of the association shall not affect the thirty (30) days ARB limit.

It is highly recommended builders, representatives or owners be present at the ARB meeting when

submitting applications for approval.

ENFORCEMENT OF GUIDELINES FOR ARCHITECTURAL CONTROL

Means of enforcement of RAINTREE'S Architectural Control Guidelines are provided by terms contained in the Covenants, Conditions and Restrictions document filed October 29, 1973, on all property sold thereafter at RAINTREE. (Jackson County, Missouri, Document No. 1-167323)

The Covenants generally provide that the ARB has the right and the duty to promulgate and enforce reasonable rules to "regulate the external design, appearance, use, location and maintenance of the properties and of improvements thereon in such a manner so as to preserve and enhance values, and to maintain a harmonious relationship among structures and the natural vegetation and topography".

These guidelines represent specific written interpretations issued by the ARB as their means of satisfying their obligation to regulate property use at RAINTREE.

Appeal of ARB Findings

Any property owner who believes that the ARB has unfairly judged their request for either new construction or an improvement to an existing structure may appeal that finding in writing to the RLPOA Board of Directors. The Board of Directors may, upon two-thirds (2/3) vote of the Directors; overturn the findings of the ARB if the Board of Directors believes that the original finding was unfair.

Enforcement

The Covenants provide that the RLPOA, after due notice to the landowner, may enter onto any property being built or maintained in violation of these guidelines and correct the violation. The cost of such correction of the violation will be assessed against the land in violation and, if not paid on a timely basis by the landowner, become a lien on the property.

Detached Structures

The ARB has determined that detached structure or outbuilding lessens the integrity of the RAINTREE community. No detached structures or outbuildings will be approved except dog pens and play houses which meet the required specifications.

IMPROVEMENT OF EXISTING STRUCTURE

The ARB must have sufficient information with which to evaluate proposed improvements to existing structures in RAINTREE prior to issuing approval for the commencement of the improvements. All requests for improvements of existing structures will be made to the ARB by means of a completed improvements Permit Application, together with the necessary additional information called for below and for each type of improvement.

This \$25.00 per week fine shall continue each week for a four (4) week period with notice of each weekly violation. Section (k) following said four (4) week period, the rate may increase to the sum of \$50.00 per week to a maximum of \$5,000.00 in total fines.

(5) No building shall be permitted to stand with its exterior in an unfinished condition for longer than six (6) months after commencement of construction. Landscaping or sod is required when ground disturbance is greater than ten percent (10%) in front and/or twenty-five percent (25) % in back or side(s) of yard.

(6) Storage of dirt and/or building materials on the Common Ground is not permitted. Any use of the adjoining lot must be authorized by the lot owner prior to use.

BUILDING ALTERATIONS, ADDITIONS, AND DETACHED STRUCTURES

General Policy

Any addition to an existing building, any exterior alteration, or change in an existing building, or any new detached structure must have the approval of the ARB before any work is undertaken. Examples of such projects include a deck, fireplace, fence, flag pole, bird house (something that becomes permanent in nature as "in concrete") etc.

Any addition, exterior alteration, or change to an existing building shall be compatible with the design character of the original building. Any new detached structure shall be compatible with the parent structure.

Awnings

The guidelines for residents and builders are as follows:

- (1) Size and color of the awning.
- (2) The awning shall only be attached to the home and shall not extend a distance in excess of three (3) feet from the home.

- (3) Retractable awnings for the back deck or back patio will be considered on a case by case basis. Include all dimensions, specifications, color, location, and product image along with your request.

House Exterior Colors and Materials

House exterior paint color must gain the approval of the ARB when repainting in an existing color or a new color excluding repairs. Colors must be subdued and in harmony with other surrounding homes in the community. For your convenience a reference book has been developed by the ARB and is available in the office for your use or you may submit your own color as desired. Provide paint samples of color pallet including, but not limited to, main house color, trim, accent color, door etc. to the ARB for approval. *Board approved Oct. 11, 2011*

Roofs

No flat roofs will be constructed. It is generally believed that flat roofs do not enhance the appearance of structures.

The Raintree Lake development was conceived with wood roofing as the desired material for the look of the entire development. If you have this type of roof and would like to maintain it, you are in compliance with the original vision of the community. New developments in other roofing materials have allowed homeowners other options that achieve the look of wood shingles without some of the draw backs. For that reason, the following composition materials and colors are considered acceptable, subject to approval through the ARB submittal process: Composition roofs must be a pattern that simulates a wood shingle roof and has a dimensional design. Simple "running bond" layout of composition tiles is not acceptable. "Premium" and /or "Designer" patterns will be reviewed on a case by case basis. THICKNESS of shingles must meet the manufacturer's term of 40 year warranty. Most roof shingles come with a lifetime warranty, so it is imperative to confirm the THICKNESS is 40 year orbetter.

Roof colors and names vary from manufacturer to manufacturer. Weather Wood is the only approved color for the community. Other colors will be considered on a case by case basis. They must be in the brown color range. Examples include: GAF colors: Barkwood, Driftwood, Mission Brown, Slate, and Weathered Wood. Owens Corning colors: Autumn Maple, Brownwood, Chestnut, Driftwood, Estate Gray, Granite, Mesquite, Storm Cloud, Summer Harvest, Sycamore, Timber, and Teak. The homeowner must state in writing the reason why Weathered Wood color is not acceptable fortheir home.

The ARB recommends LEED (Leadership in Energy and Environmental Design) and will allow Energy Star colors in the following colors: GAF: Cool Weathered Wood. Owens Corning: Frosted Oak and Sunrise. *Amended October 11, 2011*

Vinyl Siding

New home or replacement vinyl siding shall be embossed wood-grain or smooth finish in subdued color.

Installation must be complete with associated weatherproof end and corner closures, etc.

Vinyl siding will not be allowed on the front elevation (street side) of a new home. These should consist of the following; brick, stone, stucco, synthetic stucco, painted lap siding with a minimum of thirty percent (30%) being masonry. Vinyl siding is discouraged for use as replacement siding on the front of existing homes but will be considered on a case-by-case basis.

Prior to any siding being installed, homeowners or builders must submit manufacturer's literature, including detailed specifications, an actual piece of the material to be used, showing profiles, and color. Sketches, showing the home's elevations and indicating the location of any breaks in the material.

- Profile to be vertical tongue and groove on 4" to 6" center grooves.
- Or vertical board and batten 7" to 12" center

- Horizontal simulated lap siding is only allowed on case-by-case basis.
- Thickness has to be 46 mil. (some 44 mil. tongue and groove if warranted as vertical by manufacture).
- Warrantees to be lifetime and transferable by manufacturer.
- Color, profile & trim color to be considered.
- To maintain and promote a quality appearance, a minimum of thirty percent (30%) of the total frontal (street elevation) area of the home shall be of one or more of the following materials: stucco, brick, stone, rock or other masonry products.

Fences, Walls and Screens

The ARB's goal is to keep all fencing or screening as harmonious as possible with the architectural character of the community.

Fences

Applicant shall submit:

- (1) A plot plan showing the location of the entire proposed fence on the lot with relation to the lot lines and the outline of the home.
- (2) A copy of additional plans as required evaluating appearance and type of construction of the fence including type of material and finished color.
- (3) Applicant shall agree to maintain fencing structure and appearance. Amended October 22, 2013.

Any decorative fencing in the front of model homes shall similarly be temporary and done pursuant to size and standards to be propounded by the ARB.

No fence or screen will be approved if this installation will obstruct sight lines for vehicular traffic. Undue obstruction of view of lake or other amenities from adjoining property will be taken into consideration by the ARB when reviewing fences for approval.

In general, fences shall not be nearer to the front of the structure than the rear foundation line of the structure. The ARB may permit, as an exception, fences not closer than twenty-two (22) feet from the front foundation line in order to permit uniformity with fencing on adjoining lots or for unique circumstances with regard to access or need for fencing on that particular lot.

Fences may be privately installed but must be constructed to professional levels of quality. Non-professionally installed fences will be inspected by a representative of the ARB after completion to insure that the final product is of professional quality, and final approval of the fence is withheld until successful completion of this final review.

Materials and Finish for Fences and Walls

- (a) Wood fencing or screening will be approved if the design is in conformity with the architectural design of the community.
- (b) The Board will not approve an application for the installation of chain link or other galvanized-metal fencing unless it has wood posts and rails.
- (c) All fencing or screening should preferably have finish material on both sides. If only one side has finish materials, that side must face the public side of the individual lot. The Board recommends rail or picket-type construction. Recommendations include: 1) 48" wood picket with 2-3" spacing between pickets 2) 48" black aluminum with spacing between spindles 3) 48" black welded steel with spacing between spindles. Shadow box style fences are allowed on a case-by-case basis. Any variation other than the above will be reviewed on a case-by-case basis. *Board amended July 26 2006. Amended October 11, 2011.*

(d) Walls above grade should be constructed of natural stone, masonry or attractive lumber.

Height Restrictions for Fences

The ARB believes that the environmental integrity of the community will be materially lessened if the open nature of the community is damaged by a proliferation of fences of excessive height. The ARB will give consideration to a variance in this height limit where the rear line of a lot abuts a major arterial roadway or in other clearly-unique circumstances.

Arterial roadways in RAINTREE have been defined as Ward Road, Missouri 150 Highway, Raintree Parkway, Raintree Drive, Regatta and Cole Younger Drive.

The ARB encourages use of six (6) foot fences around the smaller patio area of the back yard of homes to secure privacy of the immediate patio area while permitting the feeling of spaciousness throughout the open area and back yards of homes. The specific fence height restrictions are set forth below:

- (A) Property fencing and walls above grade shall not exceed four (4) feet above grade.
- (B) The ARB will not consider for approval any proposed fence which exceeds four feet in height unless the rear line of that lot abuts a major arterial roadway or offers some other circumstance clearly unique to that lot.
- (C) Patio screens shall not exceed six (6) feet in height.

Landscaping and Planting

Landscaping and planting, for existing homes, in general does not require the approval of the ARB.
Amended March 24, 2005

Trees, hedges, and shrubs, which restrict sight lines for vehicular traffic shall be cut back or removed.

Hedge type shrubs in a fence-like appearance may be installed in front of the foundation line of a residence. Other locations upon approval by the ARB, as long as said plantings;

- (a) Plantings are no greater than thirty-six (36) inches in height
- (b) Plantings are not more than thirty-six (36) feet in length
- (c) Plantings do not entirely enclose any area of the yard, so as to constitute fencing
- (d) Plantings do not unduly restrict the view of the lake, amenities or other properties and shall not have a solid growth pattern.

Decorative trellis and landscaping borders of a fence-like appearance may be installed in front of the foundation line of a residence so long as said construction:

- (a) Is no greater than thirty-six (36) inches in height.
- (b) Is no more than thirty-six (36) feet in length
- (c) Does not entirely enclose any area of the yard so as to constitute fencing.
- (d) Is limited to a border or trellis of approved materials, including split rail, wrought iron, or other approved materials not to be of chain link or coated-wire mesh.
- (e) Is in conformity with the architectural design of the home and community.
- (f) Does not unduly restrict the view of the lake, amenities or other properties and shall not be of solid stockade-type construction.

Full sodding of the entire lot is required for all single-family residence after outside of home is completed.

Exterior Antennas

Radio antennas are not allowed by any owner upon any lot or exterior of a dwelling. The ARB has determined that inside attic antennas are technically sufficient to serve residents at RAINTREE and recommends use of these antennas. Approval of HD or "Special Use" antennas will be considered on a case by case basis. Position, appearance and design should be taken into consideration. Pictures, dimensions, details of the antenna and installation along with photos or plans indicating location of installation location are to be included with the application to the ARB.

Guidelines for Green Energy Alternative Projects

Swimming Pools

Permanent, back-yard swimming pools will be approved only after careful consideration of the potential effect of such a pool on neighboring property.

An application for the construction of a permanent-type, back-yard swimming pool will not be considered unless the application is accompanied by an application for an acceptable fence design. The design shall conform to county or municipal regulations for such fencing. Use of plantings in the vicinity of the pool is recommended to soften the effect of sound on adjacent property.

All pool construction should be submitted to the City of Lee's Summit Zoning Board for approval before submitting to the ARB.

Temporary swimming pools above grade having a depth less than twenty-four (24) inches require no such approval.

A swimming pool, spa or other pool of water greater than twenty-four (24) inches in depth shall be separated from adjoining property by a fence at least four (4) feet in height, provided with gates, which shall be kept locked when the pool or spa is unattended. Sides of pool must be totally enclosed and concealed with approved material of solid wood or picket type material with no spacing and landscaped with ARB approval. Enclosure could also be approved masonry product. Pool height cannot exceed 48 inches. Pool and surrounding enclosure must be subdued neutral earth tone colors and in harmony with surrounding homes. Amended March 24, 2005.

Retaining Walls

Retaining walls which divert ground water onto adjoining properties or which otherwise substantially change the existing drainage pattern will not be approved.

Detached Structures

The ARB has determined that detached structures or outbuildings lessen the integrity of the RAINTREE community. No detached structure or outbuildings will be approved except dog pens and play houses which meet the required specifications. Detached storage buildings or sheds are not allowed.

Pergolas

ARB has discretion to approve pergolas on decks or patios if not attached but close to home structure. Review of applications to be on a case by case basis. *Board approved June 10, 2014.*

ENFORCEMENT OF ARB VIOLATION FINES AND STRUCTURE

In accordance with Article VIII, Section 1 (a) of the Association By-Laws, enforcement of the Rules and Regulations and Covenants regarding improvements, alterations and construction in violation of ARB guidelines shall be the responsibility of the Raintree general manager through the use of Raintree personnel:

- (a) Whenever a violation is observed by Raintree personnel, the Association may issue a written citation to the offending owner or member of the property in question responsible for the construction or owning the land upon which the offending construction or improvement exists. The citation shall specify the date, time and nature of the violation.
- (b) Citations issued by the Raintree management shall designate the offense and such citation or notice shall be mailed to the member's residence of record by first class mail.
- (c) Upon receipt of the citation either by mail or in person, the member shall cease construction or improvement noted in the citation and shall remove the offending structure or cure the alleged offense.
- (d) The member shall have ten (10) days following the date of the notice to submit a request of the Architectural Review Board for review and approval of the construction or improvement to be performed. Construction shall resume only after ARB approval has been received.
- (e) The member shall also have ten (10) days following the date of the notice required by subparagraph (d) to request a hearing in front of the Appeals Committee, after gaining approval from the ARB, removing or approval from the RLPOA Board of Directors. Such request shall be made in writing to the manager. If such hearing is requested, all sanctions shall be stayed and there shall be no further work performed. If no hearing is requested, the citation shall be effective on expiration of the ten (10) day period unless the member removes the offending structure or cures the alleged offense.

- (f) When an owner proceeds with construction or improvement activity without proper ARB approval in advance as indicated in Article VII, Section 3 of the Declarations, the member will be assessed a fine of \$200.00.
- (g) If the result of the citation is not the result of the preceding (f), the member will be fined at the initial rate of \$25.00 per week to begin fourteen (14) days following the date of the original notice or citation. This \$25.00 per week fine shall continue each week for a four (4) week period with notice of each weekly violation to be mailed to the member. Following said four (4) week period, the rate may increase to the sum of \$50.00 per week to a maximum of \$5,000.00 in total fines.
- (h) If a hearing before the Appeals Committee is requested, it shall be held at the next scheduled meeting of the Committee from date of receipt of the notice from the manager. At the hearing, the member shall be permitted to present evidence or witnesses for purposes of establishing any defense of the alleged violation.
- (i) Any decision of the Appeals Committee shall be made in writing and may be appealed to the Board of Directors in writing within ten (10) days.
- (j) Should the member continue the work in progress without ARB approval or permit the improvement to remain without submission of an application or prior approval, the member will be fined at the initial rate of \$25.00 per week to begin fourteen (14) days following the date of the original notice or citation. This \$25.00 per week fine shall continue each week for a four (4) week period with notice of each weekly violation to be mailed to the member.

- (l) Failure to pay the fines within thirty (30) days of assessment in absence of appeal may result in a lien being filed against the property by the Association and the member involved will be responsible for attorney's fees, costs and expenses incurred by the Association.
- (m) Fine balances in excess of \$1,000 must be appealed directly to the Board of Directors.
- (n) If fine is modified, there is a minimum \$25.00 fine.

No such subsequent meeting shall be held more than 60 days following the preceding meeting. Membership shall be appurtenant to and may not be separated from ownership of any Lot or other land which is subject to assessment by

the Association and within the foregoing definition. Ownership of such Lot or other land shall be the sole qualification for membership.

ARTICLE IV VOTING RIGHTS

The Association shall be three (3) classes of voting membership:

Class A. Class A Members shall be all Owners of Single-Family Residential Lots, with the exception of the Developer. Class A Members shall be entitled to one vote for each Lot in which they hold the interest required for membership by Article III. When more than one person holds such interest in any Lot, all such persons shall be Members. The vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Lot, except as hereinafter provided for Class C voting rights.

Class B Members shall be entitled to one vote for each Multi-Family Residential Unit and one vote for each 5000 square feet or major fraction thereof of floor space in Commercial Units located upon land in which they hold the interest required for membership in Article III.

Class C. The Class C Member shall be the Developer. The Class C Member shall be entitled to three (3) votes for each lot in which it holds the interest required for membership by Article III. The Class C Member shall be entitled to three (3) votes for each 5000 square feet, or major fraction thereof of developed Multi-Family Residential or Commercial floor space comprising units upon land in which Developer holds the interest required for membership by Article III. The Class C Membership shall cease to be converted to Class A or Class B membership, as appropriate, on the happening of either of the following events, whichever occurs earlier;

- b) On January 1, 1994.

Class C amended by Developer May 21, 1984

ARTICLE V PROPERTY RIGHTS

Section 1. Members Easement of Enjoyment. Every Member shall have a right and easement of enjoyment in and to the Common Area, and such easement shall be appurtenant to and shall pass with the title to every assessed Lot or other tract of land, excepting unimproved acreage not owned by the Developer, subject to the following provisions:

- a) The right of the Association to limit the number of guests of Members, other than the Developer;
- b) The right of the Association to charge reasonable admission and other fees for the use of any facility situated upon the Common Area;
- c) The right of the Association, in accordance with its Articles and By-Laws, to borrow money for the purpose of improving the Common Area and facilities and in aid thereof to mortgage said property, and the rights of such mortgagee in said properties shall be subordinate to the rights of the homeowners hereunder unless and until such time as any mortgage shall be foreclosed in accordance with the laws of the State of Missouri, in which case the relative interests of the parties shall be controlled by such laws;
- d) The right of the Association to suspend the voting rights and right to use of the recreational facilities by a Member for any period during which an assessment against his Lot remains unpaid; and for a period not to exceed 90 days for any infraction of its published rules and regulations;
- e) The right of the Association to dedicate or transfer all or any part of the Common Area to any public agency, authority, or utility for such purposes and subject to such conditions as may be agreed to by the Members. No such dedication or transfer, other than the dedication of a utilities easement, shall be effective unless an instrument signed by Members entitled to cast two-thirds (2/3) of all eligible votes in each class under the provisions of Article IV has been recorded, agreeing to such dedication or transfer, and unless written notice of the proposed action is sent to every Member not less than 30 days nor more than 60 days in advance;
- f) The right of the Association to make reasonable rules and regulations and impose reasonable restrictions upon such use and enjoyment for the benefit of all Members, their guests and assigns;
- g) The right of the Developer by Supplementary Declaration to limit access to, or membership in, club houses and clubs by class of property ownership or parcel. Such power to limit membership and access being, however, specifically limited to club houses and clubs;

h) The rights of the mortgagee under any deed of trust of record at the time this instrument is filed to foreclose pursuant to Missouri law free of the rights of Members of the Association herein created.

Section 2. Delegation of Use. Any Member may delegate, in accordance with the By-Laws, his right to enjoyment to the Common Area and facilities to the members of his family, his tenants, or contract purchasers.

Section 3. Title to the Common Area. The Declarant hereby covenants for itself, its successors and assigns, that it will convey fee simple title to the Common Area to the Association, subject to existing encumbrances and liens, upon demand by the Board of Directors of the Association, or at such time as the Declarant may wish to make, and the Board of Directors wishes to accept, such a conveyance.

ARTICLE VI COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot and all other land owned within the Properties, hereby covenants, and each Owner of any Lot or other land upon which Multi-Family Residential Units or Commercial Units have been developed, by acceptance of a deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, is deemed to covenant and agree, effective January 1, 1975, to pay to the Association: (1) annual assessments or charges, and (2) special assessments for maintenance and capital improvements, such assessments to be fixed, established and collected from time to time as hereinafter provided, and (3) annual or special parcel assessments or charges which shall be established and collected as provided herein and in Supplementary Declarations recorded pursuant hereto. The annual, special and parcel assessments, together with such interest thereon and costs of collection thereof, as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with such interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments.

- a) **Annual Assessments.** The annual assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the residents in the Properties, and in particular for the improvements and maintenance of the Properties, services and facilities devoted to this purpose and related to the use and enjoyment of the Common Area, and of the buildings situated upon the Properties, and for any other purpose which is necessary or desirable for the maintenance and improvement of the Properties and Common Area or which is to be of general benefit to the Owners and Occupants.
- b) **Special Maintenance Assessments.** Special assessments may be imposed by the Board of Directors upon any Lot or other land upon which Multi-Family Residential or Commercial Units are located, for the purpose of maintaining the exterior appearance thereof if the Owner shall have failed or refused to do so, including but not limited to mowing and cleaning of unsightly brush and debris, painting, repairing, replacing and caring for roofs, gutters, downspouts, and exterior building surfaces, trees, shrubs, grass, walks, and other exterior improvements necessary to keep the Owner's property from deteriorating or becoming unsightly. For the purpose solely of performing the exterior maintenance authorized by this paragraph, representatives of the Association and its duly authorized agents or employees shall have the right, after reasonable notice to the Owner, to enter upon any Lot, unit or other property at reasonable hours on any day except Sunday.
- c) **Special Assessments for Capital Improvements.** In addition to the foregoing, the Association may levy in any assessment year uniform special assessments against Lots, units and acreage, by category, applicable to that year and not more than the next two succeeding years, for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, providing that any such assessment shall have the assent of the Class C Member and be approved by two-thirds (2/3) vote of Class A and B Members present and voting in person or by proxy at a regular or special membership meeting.

Section 3. Parcel Assessments.

- a) **Purpose of Assessment.** Annual Parcel assessments shall be used for such purposes as are authorized by the Supplementary Declaration for each Parcel.

b) **Method of Assessment.** The annual assessment for each Parcel shall be levied by the Association against Lots or units in a Parcel, using the basis set forth in the Supplementary Declaration for the given Parcel, and collected and disbursed by the Association. The Board of Directors, in accordance with each Supplemental Declaration, shall fix the annual Parcel assessment for each Parcel and the date(s) such assessments become due.

c) **Special Parcel Assessments for Capital Improvement.** In addition to the annual Parcel assessments authorized above, the Association may levy in any assessment year a special assessment against the Lots of a Parcel for the purpose of defraying in whole or in part the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Parcel, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the Class A and B votes relating to Lots or units in the Parcel cast in person or by proxy at a meeting of Class A and B Members owning Lots or units within the Parcel.

Section 4. Maximum Annual Assessment. Beginning January 1, 1975, and until January 1, 1978, the maximum annual assessment, as determined by the Board of Directors of the Association, shall be One hundred Eighty Dollars (\$180.00) for each Lot, One Hundred Sixty Dollars (\$160.00) for each Commercial Unit, One Hundred Twenty Dollars (\$120.00) for each Multi-Family Residential Unit, and Twenty-Five Dollars (\$25.00) per acre (and major fraction thereof) for each acre of undeveloped and unplatted land not owned by the Developer; provided, however, that assessments for all Lots, units and land owned by the Class C Member, as defined by Article IV, shall be assessed separately from other Lots, units, and land, as may be reasonably necessary to provide for the care, maintenance and welfare thereof, without regard to the foregoing maximum annual assessments and without regard to the assessments imposed against other Lots, units and land.

a) From and after January 1, 1978, the maximum annual assessment in each of the heretofore enumerated categories may be increased effective January 1 of each year without a vote of the membership in conformance with the rise, if any, of the Consumer Price Index (published by the Department of Labor, Washington, D.C.) for the preceding month of July.

b) From and after January 1, 1978, the maximum annual assessment for any or all categories may be increased without regard to the Consumer Price index formula by a vote of the Members for the next succeeding year, and at the end of each such period of one year, for each succeeding year, provided that any such change shall have the assent of a majority of the votes of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members not less than 30 days nor more than 60 days in advance of the meeting setting forth the purpose of the meeting. The limitations hereof shall not apply to any change in the maximum and basis of the assessments undertaken as an incident to a merger or consolidation in which the Association is authorized to participate under its Articles of Incorporation.

c) After consideration of current maintenance costs and future needs of the Association, the Board of Directors may fix the annual assessment at any amount not in excess of the maximum, provided, however, the actual assessments for each of the heretofore identified categories must bear the same ratio to the assessments imposed in other categories as the maximum annual assessment for each such category bears to the maximum annual assessments for other categories.

Section 5. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate within all categories of Lots, units and land, and may be collected on a monthly basis.

Section 6. Quorum for any Action Authorized under Sections 2 and 4. At a first meeting called, as provided in Sections 2 (c) and 4 (b) hereof, the presence at the meeting of Members or of proxies entitled to cast sixty per cent (60%) of all votes of each class of membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in Section 2 and 4, and the required quorum at any such subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all Lots, units and other land heretofore enumerated on January 1, 1975, or on the first day of the month following the conveyance of such Lots, the occupancy of Multi-Family Residential or Commercial Units, and the conveyance of undeveloped and unplatted acreage not owned by the Developer, whichever occurs last. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year.

The Board of Directors shall fix the amount of the annual assessment against each Lot, unit or tract of land at least 30 days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors, which may require payments on a monthly basis. The Association shall upon demand at any time furnish a certificate in writing signed by an officer of the Association setting forth whether the assessments on a specified Lot, unit or tract have been paid. A reasonable charge may be made by the Board for the issuance of these certificates. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 8. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessments which are not paid when due shall be delinquent. If the assessment is not paid within 30 days after the due date, the assessment shall bear interest from the date of delinquency at the rate of eight per cent (8%) per annum, and the Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property, and interest, costs, and reasonable attorney's fees of any such action shall be added to the amount of such assessment. No Owner may waive or otherwise escape liability for the assessment provided for herein by non-use of the Common Area or abandonment of his Lot or other property.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages. Sale or transfer of any Lot or land shall not affect the assessment lien. However, the sale or transfer of any Lot or land which is subject to any mortgage, pursuant to a decree of foreclosure under such mortgage or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessments as to payments thereof which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot or land from liability for any assessments thereafter becoming due or from the lien thereof.

Section 10. Exempt Property. The following property subject to this Declaration shall be exempt from the assessments created herein: (a) all property dedicated to and accepted by a local public authority; (b) the Common Area; and (c) all properties owned by a charitable or nonprofit organization exempt from taxation by the laws of the State of Missouri. However, no land or improvements devoted in whole or part to Dwelling, Multi-Family Residences or Commercial use shall be exempt from said assessment.

ARTICLE VII ARCHITECTURAL CONTROL

Section 1. The Architectural Review Board. An Architectural Review Board consisting of three or more persons shall be appointed by the Class C Member. At such time as the Class C membership shall cease to exist, the Board shall be appointed by the Board of Directors.

Section 2. Purpose. The Architectural Review Board shall regulate the external design, appearance, use, location and maintenance of the Properties and of improvements thereon in such a manner so as to preserve and enhance values and to maintain a harmonious relationship among structures and the natural vegetation and topography.

Section 3. Conditions. No improvements, alterations, repairs, change of paint colors, excavations, changes in grade or other work which in any way alters the exterior of any property or the improvements located thereon from its natural or improved state existing on the date such property was first conveyed in fee by the Developer to an Owner shall be made or done without the prior approval of the Architectural Review Board, except as otherwise expressly provided in this Declaration. No building, fence, wall, residence, or other structure shall be commenced, erected, maintained, improved, altered, made or done without the prior written approval of the Architectural Review Board.

Section 4. Procedures. In the event the Board fails to approve, modify or disapprove in writing an application within thirty (30) days after plans and specifications in writing have been submitted to it, in accordance with adopted procedures, approval will be deemed granted. The applicant may appeal any adverse Architectural Review Board decision to the Board of Directors, which may reverse or modify such decision by a two-thirds (2/3) vote of directors.

Section 5. Exceptions to Use Restriction. The Architectural Review Board shall have the power to make variations, alterations and changes in the restrictions set forth in Articles VIII and IX of this Declaration and similar Articles in Supplementary Declarations, where the Board is specifically given such power in such Supplementary

Declarations, as to any Lots, units, or land, provided the same is accomplished for the mutual benefit of the applicant Owner and the Owners of surrounding Lots, units and land. Any decision of the Architectural Review Board in relation to any exception authorized by this Section may be appealed to the Board of Directors of the Association, which may reverse or modify such decision by a two-thirds (2/3) vote of the directors.

No building shall be occupied until the exterior shall have been completed, nor until the landscaping as approved by the Architectural Review Board shall have been completed or other arrangements for completion shall have been approved by the Architectural Review Board.

Section 3. Area and Width. No residential structure shall be erected on any building plot, which plot has a minimum lot width and size less than that shown on the recorded plat.

Section 4. Easements. Easements for installation and maintenance of utilities and drainage facilities are and will be reserved by Developer as shown on the recorded plats of said land. Such easements shall include the right of ingress and egress for construction and maintenance purposes. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each Lot and tract of land and all improvements in it shall be maintained continuously by the Owner of the land, except for those improvements for which a public authority or utility company is responsible.

Section 7. Animals. No animals, livestock or poultry of any kind shall be raised, bred, or kept on any Lot or other tract of land, except that dogs, cats or other household pets may be kept in residential areas, provided that they are not kept, bred or maintained for any commercial purposes, and except one horse may be kept for non-commercial purposes on any 40,000 square feet or larger Lot.

Section 8. Garbage and Refuse. No Lot or other tract of land shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers, kept in a clean and sanitary condition, and housed and screened as specified by the Architectural Review Board.

Section 9. Parking or Motor Vehicles Boats and Trailers. No trucks or commercial vehicles, boats or other similar water-borne vehicles, house trailers, boat trailers, trailers of every other description, campers or camping units shall be permitted to be parked or to be stored on any Lot or other tract of land used for residential purposes unless they are parked or stored in an enclosed garage or in such other enclosure approved by the Architectural Review Board, except only during periods of approved construction on the land.

Section 10. Utilities. Water, gas, electricity, telephone and other utilities shall be located underground on each residential Lot and other tracts of land, except perimeter Lots and tracts.

Section 11. New Construction. All residences and other buildings shall be of initially new construction. No building shall be moved onto any Lot or other tract of land.

No other signs of any type whatsoever may be placed or erected on residential property. Signs appropriate to the use thereof, anything to the contrary herein notwithstanding, may be placed or erected on Commercial Units following occupancy and approval by the Architectural Review Board.

ARTICLE IX

ADDITIONAL USE RESTRICTIONS APPLICABLE TO RESIDENTIAL LOTS

All Lots, as heretofore defined, located within the existing Properties or additional lands which shall be subject to this Declaration under Article II above shall be subject to the following use restrictions in addition to those contained in Article VIII, next above:

Section 1. Land Use. None of said Lots may be improved, used or occupied for other than private residence purposes (except for model homes used by the Developer or commercial builders) and no flat or apartment house, although intended for residential purposes, may be erected thereon. Any residence erected or maintained on any of said Lots shall be designed and used for occupancy by a single family.

Section 2. Height Limitation. Any residence erected on any of said Lots shall not be more than two (2) levels in height, above ground, provided that a residence more than two (2) stories in height may be erected on any of said Lots with the written consent of the Architectural Review Board.

Section 3. Minimum Size Requirements. Any residence consisting of a single level above ground level shall contain a minimum of 1200 square feet of enclosed floor area. If, however, a single level residence shall contain a basement garage, the minimum enclosed floor area shall be 1400 square feet. Any residence consisting of two levels above ground level shall contain a minimum of 800 square feet of enclosed floor on the first level above ground level and an overall minimum of 1400 square feet of enclosed floor area in the two levels above ground level. Any residence consisting of a level or part of a level below ground level with garage beneath a part of the living area, sometimes referred to as a "split-level" or a "split foyer", shall have a minimum of 1200 square feet of total enclosed floor area on the level above the ground level and above the garage. It shall have an additional 250 square feet of enclosed floor area either above or below the principal living area, for a total minimum enclosed floor area of 1450 square feet. The Board shall not discuss any business in a closed meeting, record or vote which does not directly relate to the specific reason announced to justify the closed meeting or vote.

(e) Nothing in these By-Laws shall be construed as to require the Board to hold a closed meeting, record or vote to discuss or act upon any matter.

Section 6. Reasonable Notice of Meetings. Except as otherwise provided in the Articles of Incorporation, the Declaration or these By-Laws, notice of all meetings of the Board of Directors shall be given in a reasonable manner. Without excluding other means, such notice shall be presumed to be reasonable if it is given in any of the following ways:

Section 7. Ethics. The following ethics policy shall apply to Directors, officers, committees (and, where indicated, employees) and provides guidance for ethical issues and a mechanism for addressing unethical conduct.

(a) Board Responsibilities. It shall be the responsibility of the Directors, individually and collectively, to enforce the association's governing documents, collect and preserve the association's financial

resources, insure the association's assets against loss, and keep the common areas in a state of good repair. To fulfill that responsibility, Directors must:

- (1) Regularly attend Board meetings,
- (2) Review material provided in preparation for Board meetings,
- (3) Review the association's financial reports, and
- (4) Make reasonable inquiry before making decisions.

(b) Professional Conduct. In general, Directors, officers and committee members must conduct all dealings with vendors and employees with honesty and fairness, and safeguard information that belongs to the association.

(1) Self-Dealing. Self-dealing occurs when Directors, officers, committee members or employees make decisions that materially benefit themselves or their relatives at the expense of the association. "Relatives" include a person's spouse, parents, siblings, children, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone who shares the person's residence. Benefits include money, privileges, special benefits, gifts or other item of value. Accordingly, no Director or committee member may:

- (A) Solicit or receive any compensation from the association for serving on the Board or any committee,
- (B) Make promises to vendors unless with prior approval from the Board,
- (C) Solicit or receive, any gift, gratuity, favor, entertainment, loan, or any other thing of value for themselves or their relatives from a person or company who is seeking a business or financial relationship with the association,
- (D) Seek preferential treatment for themselves or their relatives,
- (E) Use association property, services, equipment or business for the gain or benefit of themselves or their relatives, except as is provided for all members of the association.

(2) Confidential Information. Directors, officers, committee members and employees are responsible for protecting the association's confidential information. As such they may not use confidential information for the benefit of themselves or their relatives. Except when disclosure is duly authorized or legally mandated, no Director, officer, committee member or employee may disclose confidential information. Confidential information includes, without limitation:

- (A) Private personal information of fellow Directors, officers and committee members,
- (B) Private personnel information of the association's employees,
- (C) Disciplinary actions against members of the association,
- (D) Assessment collection information against members of the association, except for unsatisfied judgments and liens, and
- (E) Legal disputes in which the association is or may be involved: Directors and officers may not discuss such matters with persons not on the Board without the prior approval of the association's general counsel. Failure to follow these restrictions could constitute a breach of the attorney-client privilege and loss of confidential information.

(3) Misrepresentation. Directors, officers, committee members and employees may not knowingly misrepresent facts. All association data, records and reports must be accurate and truthful and prepared in a proper manner.

(4) Interaction with Employees. To ensure efficient management operations, avoid conflicting instructions from the Board to management and avoid potential liability, committee members, Directors and officers shall observe the following guidelines:

- (A) The president of the Board shall serve as liaison between the Board and management and provide direction on day to day matters.
- (B) Except for the president, committee members, Directors and officers may not give direction to management, employees or vendors with the exception of the Nominating Committee Chairperson during election process and the Activities Committee regarding vendors for their events.
- (C) Directors and officers may not contact management after hours unless there is an emergency representing a threat of harm to persons or property.
- (D) If Directors, officers or committee members are contacted by employees with complaints, the employees shall be instructed to contact management or the Board as a whole.

(E) No Director or officer may threaten or retaliate against an employee who brings information to the Board regarding improper actions of a Director or committee member.

(F) Directors, officers and committee members are prohibited from harassing or threatening employees, vendors, Directors, officers, committee members, and owners, whether verbally, physically or otherwise.

(5) Proper Decorum. Directors, officers and committee members are obligated to act with proper decorum. Although they may disagree with the opinions of others on the Board or committee, they must act with respect and dignity and not make personal attacks on others. Accordingly, Directors, officers and committee members must focus on issues, not personalities and conduct themselves with courtesy toward each other and toward employees, managing agents, vendors and members of the association. Directors and officers shall act in accordance with Board decisions and shall not act unilaterally or contrary to the Board's decisions.

(c) Conflicts of Interest. Recognizing the primary duties of each Director, officer, committee member and employee of loyalty and fidelity to the Association and to manage the affairs of the Association fairly, honestly and economically in the exercise of their best judgment at all times, it shall be the responsibility of each Director, officer, committee member and employee to fully and frankly disclose to the Board any and all actual or potential conflicts or dualities of interest which may exist or appear to exist as to any matter or business which may come before the Board or a committee thereof at any time prior to action thereon. Such Director, officer or committee member shall neither vote nor endeavor to influence Board or committee action in any such matter. This requirement of disclosure of conflicts of interest shall not prohibit a Director, officer or committee member from responding to questions concerning the matter, nor from participating in discussion, nor from voting provided such action shall have been approved by resolution of the Board following disclosure and entered upon the record of the meeting. All conflicts disclosure and action taken thereon shall be recorded in the minutes of the Board. Further, Directors, officers and committee members must immediately disclose the existence of any conflict of interest of other Directors, officers or committee members of which they have personal knowledge. Directors and committee members must withdraw from participation in decisions in which they have a material interest. When situations arise in which the proper course of action is unclear, Directors, officers and committee members should immediately raise such situations with the Board. If appropriate, the Board may seek guidance from the association's legal counsel.

(d) Ethics Violations. Directors, officers and committee members who violate the provisions of this section are deemed to be acting outside the course and scope of their authority. Anyone violating this policy may be subject to immediate disciplinary action, including, but not limited to:

- (1) Censure,
- (2) Removal from committees,
- (3) Removal as an officer of the Board,
- (4) Request for resignation from the Board,
- (5) Recall by the membership, and
- (6) Legal proceedings.

Prior to taking any of the actions described above, the Board shall appoint an executive committee to investigate the violation. The committee shall review the evidence of violation, endeavor to meet with the Director/committee member believed to be in violation, confer with the association's legal counsel, and present its findings and recommendations to the Board for appropriate action. The Board shall endeavor to meet with the Director/committee member in executive session prior to imposing disciplinary action against that person.

ARTICLE VII: NOMINATION AND ELECTION OF DIRECTORS

(d) To issue, or to cause an appropriate officer to issue, upon demand by any person, a certificate setting forth whether any assessment has been paid. Such notice shall specify the place, day and hour of the meeting and, in the case of a special meeting, the purpose of the meeting.

Section 4. Quorum. Unless otherwise provided in the Declaration, Articles of Incorporation or these By-Laws, the presence at the meeting of the Members entitled to cast, or of proxies entitled to cast, one-tenth (1/10) of the votes of each class of membership shall constitute a quorum for any action. If, however, such quorum shall not be present or represented at any meeting, the Members entitled to vote thereat shall have power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum as aforesaid shall be present or be represented.

Section 5. Proxies. At all meetings of Members, each Member may vote in person or by proxy. All proxies shall be in writing and filed with the secretary. Every proxy shall be revocable and shall automatically cease upon conveyance by the Member of his, her or its Lot.

ARTICLE XI: OFFICERS AND THEIR DUTIES

Section 1. Enumeration of Offices. The officers of this Association shall be a president and vice-president, who shall at all times be members of the Board of Directors, a secretary, and a treasurer, and such other officers as the Board may from time to time by resolution create.

Section 2. Election of Officers. The election of officers shall take place at the first meeting of the Board of Directors following each annual meeting of the Members.

Section 3. Term. The officers of this Association shall be elected annually by the Board and each shall hold office for one (1) year unless he or she shall sooner resign, or shall be removed, or otherwise disqualified to serve.

Section 4. Special Appointments. The Board may elect such officers as the affairs of the Association may require, each of whom shall hold office for such period, have such authority, and perform such duties as the Board may, from time to time, determine.

Section 5. Resignation And Removal. Any officer may be removed from office with or without cause by the Board. Any officer may resign at any time by giving written notice to the Board, the president or the secretary. ARTICLE XII: ASSESSMENTS

Section 1. Creation of The Lien And Personal Obligation of Assessments. By the Declaration each Member is deemed to covenant and agree, beginning January 1, 1975, to pay to the Association: (1) annual assessments or charges, and (2) special assessments for maintenance and capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided, and (3) annual or special Parcel assessments or charges which shall be established and collected as provided herein and in Supplementary Declarations recorded pursuant hereto. The annual, special and Parcel assessments, together with such interest thereon and costs of thereof as hereinafter provided, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment together with such interest, cost, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation shall not pass to his, her or its successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments.

(a) **Annual Assessments.** The annual assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the residents in the Properties, and in particular for the improvements and maintenance of the Properties, services and facilities devoted to this purpose and related to the use and enjoyment of the Common Area, and of the buildings situated upon the Properties and for any other purpose which is necessary or desirable for the maintenance and improvement of the Properties and Common Area or which is to be of general benefit to the Owners and occupants.

(b) **Special Maintenance Assessments.** Special assessments may be imposed by the Board of Directors upon any Lot or other land upon which Multi-Family Residential or Commercial Units are located, for the purpose of maintaining the exterior appearance thereof if the Owner shall have failed or refused to do so, including, but not limited to, mowing and cleaning of unsightly brush and debris, painting, repairing, replacing and caring for roofs, gutters, downspouts, and exterior building surfaces, trees, shrubs, grass walks and other exterior improvements necessary to keep the Owner's property from deteriorating or becoming unsightly. For the purpose solely of performing the exterior maintenance authorized by this paragraph, representatives of the Association and its duly authorized agents or employees shall have the right, after reasonable notice to the Owner, to enter upon any Lot, Unit or other property at reasonable hours any day except Sunday.

(c) **Special Assessments for Capital Improvements.** In addition to the forgoing, the Association may levy in any assessment year uniform special assessment against Lots, Units and acreage, by category, applicable to that year and not more than the next two succeeding years, for the purpose of defraying, in the whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, providing that any such assessment shall be approved by two-thirds (2/3) vote of Class A and B Members present and voting in person or by proxy at a regular or special membership meeting.

Section 3. Parcel Assessments.

(a) **Purpose of Assessments.** Annual Parcel assessments shall be used for such purposes as are authorized by the Supplementary Declaration for each Parcel.

(b) **Method of Assessment.** The annual assessment for each Parcel shall be levied by the Association against Lots or Units in a Parcel, using the basis set forth in the Supplementary Declaration for the given Parcel, and collected and disbursed by the Association. The Board of Directors, in accordance with each Supplementary Declaration, shall fix the annual Parcel assessment for each Parcel and the date(s) such assessments become due.

(c) **Special Parcel Assessments for Capital Improvement.** In addition to the annual Parcel assessments authorized above, the Association may levy in any assessment year a special assessment against the Lots or Units of a Parcel for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Parcel, including fixtures and personal property related thereto, provided that any such assessments shall have the assent of two-thirds (2/3) of the class A and B votes relating to Lots or Units in the Parcel cast in person or by proxy at a meeting of Class A and B Members owning Lots or Units within the Parcel.

Section 4. Maximum Annual Assessment. Beginning January 1, 1975, and until January 1, 1978 the maximum annual assessment, as determined by the Board of Directors of the Association, shall be One Hundred Eighty Dollars (\$180.00) for each Lot, One Hundred Sixty Dollars (\$160.00) for each Commercial Unit, One Hundred Twenty Dollars (\$120.00) for each Multi-Family Residential Unit, and Twenty Five Dollars (\$25.00) per acre (and major fraction thereof) for each acre of undeveloped and unplatted land not owned by the Developer.

(a) From and after January 1, 1978, the maximum annual assessment in each of the heretofore enumerated categories may be increased effective January 1 of each year without a vote of the membership in conformance with the rise, if any, of the Consumer Price Index (published by the Department of Labor, Washington, D.C.) for the preceding month of July.

(b) From and after January 1, 1978, the maximum annual assessment for any or all categories may be increased without regard to the Consumer Price Index formula by a vote of the Members for the next succeeding year, and at the end of each such period of one year, for each succeeding year, provided that any such change shall have the assent of a majority of the votes of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members not less than 30 days nor more than 60 days in advance of the meeting setting forth the purpose of the meeting. The limitations hereof shall not apply to any change in the maximum and basis of the assessments undertaken as an incident to a merger or consolidation in which the Association is authorized to participate under its Articles.

(c) After consideration of current maintenance cost and future needs of the Association, the Board of Directors may fix the annual assessment at any amount not in excess of the maximum, provided, however, the actual assessments for each of the heretofore identified categories must bear the same ratio to the assessments imposed in other categories as the maximum annual assessment for each such category bears to the maximum annual assessments for other categories.

Section 5. Method of Computation When Using The Consumer Price Index. The Consumer Price Index establishes the United States City Average numerical rating upon which calculations are based as 126.20. This will be the base rating. To determine the percentage to be applied to the maximum annual assessment for each subsequent year, divide this base rating into the numerical rating established by the Consumer Price Index for the month of July preceding the proposed assessment year. The quotient resulting, if in excess of one (1) is multiplied by the prior year's annual assessment to obtain the assessment for the subsequent year.

Section 6. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate within all categories of Lots, Units and land, and may be collected on a monthly basis.

Section 7. Quorum For Any Action Authorized Under Sections 2 and 4. At the first meeting called, as provided in sections 2 (b) and 4 (a) hereof, the presence at the meeting of Members or of proxies entitled to cast sixty per cent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in sections 2 and 4, and the required quorum at any subsequent meeting shall be one-half (½) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 8. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all Lots, Units and other land heretofore enumerated on January 1, 1975, or on the first day of the month following the conveyance of such Lots, the occupancy of Multi-Family Residential or Commercial Units, and the conveyance of undeveloped and unplatted acreage not owned by the Developer, whichever occurs last. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot, Unit or tract of land at least 30 days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors, which may require payments on a monthly basis. The Association shall upon demand at any time furnish a certificate in writing signed by an officer of the Association setting forth whether the assessments on a specified

Lot, Unit or tract have been paid. A reasonable charge may be made by the Board for the issuance of these certificates. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

Section 9. Effect of Nonpayment of Assessments: Remedies of The Association. Any assessments which are not paid when due shall be delinquent. If the assessment is not paid within 30 days after the due date, the assessment shall bear interest from the date of delinquency at the rate of eight percent (8%) per annum, and the Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property, and interest, costs and reasonable attorney's fees of any such action shall be added to the amount of such assessment. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his, her or its Lot or other property.

Section 10. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any mortgage or mortgages. Sale or transfer of any Lot or land shall not affect the assessment lien. However, the sale or transfer of any Lot or land which is subject to mortgage pursuant to a decree of foreclosure under such mortgage or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessments as to payments thereof which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot or land from liability for any assessments thereafter becoming due or from the lien thereof.

Section 11. Exempt Property. The following property subject to the Declaration shall be exempt from the assessments created herein; (a) all properties dedicated to and accepted by a local public authority; (b) the Common Area; and (c) all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the State of Missouri. However, no land or improvements devoted in whole or part to dwelling, multi-family residences or commercial use shall be exempt from said assessments.

ARTICLE XIII: BOOKS AND RECORDS

The books, records and papers of the Association shall at all times, during reasonable business hours, be subject to inspection by any Member upon a ten (10) day written notice to the Association. The Declaration, the Articles of Incorporation and the By-Laws of the Association shall be available for inspection by any Member at the principal office of the Association, where copies may be purchased at reasonable cost.

ARTICLE XIV: CORPORATE SEAL

The Association shall have a seal in circular form having within its circumference the words: **Raintree Lake Property Owners Association, Inc.**

ARTICLE XV: AMENDMENTS

Section 1. These By-Laws may be amended at a regular or special meeting of the Members by a vote of a majority of the total votes of the Association, without regard to class (**except when class voting is required under Section 355.601, Missouri Revised Statutes**), or by a vote of two-thirds of a quorum of Members present in person or by proxy, whichever is less.

Section 2. In the case of any conflict between the Articles of Incorporation and these By-Laws, The Articles shall control; and in the case of conflict between the Declaration and these By-Laws, the Declaration shall control.

ARTICLE XVI: MISCELLANEOUS

The fiscal year of the Association shall begin on the first day of January and end on the 31st day of December of every year, except that the first fiscal year shall begin on the date of incorporation.

CERTIFICATION: AMENDMENT AND RESTATEMENT OF BY-LAWS IN THEIR ENTIRETY

RLPOA Purchasing Policy and Procedure

Date: 08/11/15 Amended 3/12/19

Title: RLPOA Purchasing Policy, Procedure and Authorization

Purpose: Identify the types of purchases RLPOA makes, identify the most effective and fiscally responsible method of affecting those purchases and identifying those having the authority to make those purchases.

Responsibility: RLPOA Board of Directors, RLPOA Committee Chairpersons, RLPOA Committee members (as authorized by their appropriate chairperson), RLPOA General Manager and RLPOA staff members as designated by the General Manager.

Definitions:

- **RFP** – Request for Proposal - For the purpose of communication consistency, this term shall be used when soliciting costs for “services” eg; water testing services, insurance coverage, etc.
- **RFQ** – Request for Quotation - For the purpose of communication consistency, this term shall be used when soliciting costs for “goods” eg; new mower, picnic benches, etc.

Use of Contracts: The use of contracts should be considered when purchasing services of significant value and/or liability exposure to either Raintree Lake Property Owners, the Association, or the vendor may exist. The contract document can be drafted by either the vendor or RLPOA (sample draft document is attached) but should be reviewed by RLPOA council prior to executing.

Spending Authority and Limitations:

- The RLPOA General Manager shall have the authority to purchase goods or services with an anticipated value of \$2,000.00 or less without prior RLPOA Board approval for budgeted expenditures. It shall also be left to the General Manager’s discretion whether or not to obtain competitive costing.
- Amounts from \$2,001.00 to \$3,000.00 require Board approval only.
- All expenditures with an anticipated value of between \$3,001.00 and \$9,999.00 shall require at least 2 competitive bids (using the appropriate RFP or RFQ) and RLPOA Board approval for budgeted expenditures.
- All expenditures with an anticipated value greater than \$10,000.00 shall require at least 3 competitive bids (using the appropriate RFP or RFQ) and must have RLPOA Board approval. If 3 competitive quotes cannot be obtained, a written record must be kept of the attempt which explains why the quotes were unavailable.
- Critical equipment or repair expenditures up to \$6,000.00 that are essential for the operation of Raintree Lake may be authorized by the General Manager, Treasurer and/or President without Board approval. The General Manager shall then be responsible to notify the remaining Board members in a timely manner by phone, email or fax.
- If it is determined that a Vendor is considered a “Preferred Vendor” (a vendor we use consistently) competing bids are not required unless the RLPOA Board deems necessary. Office will maintain a preferred vendor list to keep on file.

Specifications and/or Descriptive References: It shall be the responsibility of the person initiating the RFP, RFQ and/or Purchase Order to obtain and communicate an adequate description of the anticipated expenditure. This can be accomplished using many methods:

- Develop specifications internally using various committees, Board, legal and or local expertise.
- Using the verbiage from a vendor’s final negotiated proposal or quotation.
- Using commercially acceptable descriptions for standard items or material.

The specification can be either performance-based or output-based and should use clear language. It is important that the potential supplier knows exactly what is required. In general, the specification will be written in two parts. Firstly, the essential criteria - what the equipment must do, and secondly, the desirable criteria - any extras or factors which could enhance its operation and suitability.

Note: Always consider the liability factor to the RLPOA when communicating specification requirements to vendors so that risk is reduced or eliminated.

Vendor Qualification: The General Manager shall be responsible for maintaining a Qualified Vendor List. This list shall include current and past vendors that the RLPOA has had successful and competitive relationships. This list shall also reference the type of service and/or goods these vendors have or are capable of providing. When project managers or the General Manager is qualifying a new vendor, it will be advisable to have the prospective vendor complete the Vendors Information Questionnaire and check all references before they can be added to the RLPOA qualified vendor list. All vendor Information Forms shall be kept in a "Vendor File" for future reference.

Quotation and Bidding Process: The keystone of the quotation procedure is that potential suppliers are given an equal opportunity to bid for RLPOA requirements. The procedures should be transparent and non-discriminatory. It is necessary, therefore, that all suppliers receive the inquiry at the same time, have the same opportunity to discuss the requirement and submit the sealed, secret bids on or before a stated date and time. Dealings with suppliers must be honest, fair and even-handed at all times. Staff and project managers should clearly communicate deadlines and expectations.

Any information provided by vendors should be regarded and treated as confidential.

The Project Coordinator or committee will review the bids, follow up and resolve any questions and ensure the proposals meet the project specifications. They will make a recommendation, supported by cost, quality, or terms that exceed the basic specifications. If the selection is not based solely on cost, the reason must be supported and documented.

Award and Execution Process:

- In accordance with the Spending Authority section above, the project coordinator and/or the General Manager will select the vendor. In the event a contract is to be awarded or the spending limit requires, the Board will select the winning bidder and direct the General Manager to award the project.
- The General Manager will handle all the financial business, the scheduling and the legal aspects of the contract.
- The General Manager may delegate the responsibility of being the "Site Contact" to the Project Coordinator or any other qualified individual. The Site Contact will provide field support as requested by the vendor, ensure the vendor adheres to all the RLPOA rules and contractor's guidelines, and act as a liaison to the General Manager.
- The General Manager will be responsible for arranging and documenting the inspection and acceptance of the project. The actual site inspection may be delegated to the Project Coordinator or another qualified individual.
- Invoices will be submitted to the General Manager for payment or approval by the Board of Directors if necessary.

Note: Authority to amend RLPOA Policies and Procedures shall rest solely with the RLPOA Board of Directors. All recommendations to amend Policies and Procedures shall be brought before the Board in regularly scheduled meetings.
