New Residents Welcome To The **Neighborhood!** Nicholas Hosman & Bethany Brewer 313 SW Green Teal Kenneth Hoag 290 SW Point Shore Dr.

It's that time of year again to be on the lookout for muskrats. Please report any sightings of

muskrats to the office. We appreciate your help in assisting us with the control of these rodents. Trapper is on property!

Are you a "Snow Bird"?

Many of our Raintree Lake residents fly south for the winter, or other locations, looking for a warmer climate. It is important to

let the office staff know if you are one of our "birds". This helps us reach you if questions come up regarding billing, boat slip leases or other issues. Additionally, we are the first contact of the Police and Fire Departments in the event there is a problem with your home. Please take the time to let our office staff know before you "fly south" and when you return.

A simple phone call will do the trick! Raintree Office: 816-537-7576

PROPOSAL TO AMEND RLPOA BY-LAWS

Ballots for the 2025 RLPOA Annual Meeting will include a proposal by the Nominating Committee to amend the By-Laws, described as follows:

1. Convert all 9 Board positions to *at large* -- all Members elect 3 Directors every year;

2. Provide specific qualifications for candidates for the Board;

3. Correct minor errors in the text and republish it as one comprehensive document.

Background: In order to conduct any business at our annual meeting each year the RLPOA requires separate quorums of at least ten percent (10%) of the eligible voters in each class (Class A, Single Family and Class B, Multi Family and Commercial) to be present in person or by proxy. Reaching quorum in Class A has never been a problem, but obtaining quorum in Class B has always been difficult. If we don't have quorum in both classes the meeting would have to be postponed, causing disruption in governance of the Association along with added expense for our electronic voting system. And it is more than likely that this problem will not be resolved in the foreseeable future without modifying the current By-Laws. The obvious root of the problem is voter apathy, which we attribute primarily to the following facts: 9 Directors are elected for three-year terms on a three-year cycle; seven of the Directors are elected by Class A, and two by Class B, meaning that every third year, Class B members have no position to fill. Further, in only 7 of our 24 annual elections since 2001 did a member of Class B actually run for a seat on the Board, and since the transition from 2- to 3-year terms in 2018 no Class B member at all has run.

Proposed Change. This proposed amendment combines the two classes for election of Directors *at large* instead of by class and combines the classes for purposes of quorum and removal. Given the history of the Board for the last quarter-century, this will make no actual difference in the function of the Board but will offer two valuable benefits: (1) every RLPOA member will be able to vote for up to three Board candidates every year, and (2) quorum can easily be reached for the combined classes every year. Throughout the history of RLPOA we know of no issues decided by the Board which affected Class A and Class B Members differently (and the Board cannot modify the ratio between Class A and Class B dues).

Additional Change. In view of concerns expressed by voters about non-members of RLPOA running for the Board in the 2023 election, this proposal also amends Section 1 of Article VII to specifically allow (in addition to Members) select classes of non-members (tenants and contract purchasers who reside on the property) to be nominated. Only in the event not enough qualified candidates agree to run for every vacancy may the Nominating Committee nominate any other non-member. The Articles of Incorporation allow non-members to serve (requiring a super-majority to amend) the By-Laws cannot absolutely prohibit non-members to serve on the Board; but this proposal addresses those concerns without contradicting the Articles.

Comprehensive Revision. As was done in 2015, this proposal amends and restates the complete By-Laws, deleting obsolete provisions and typographical errors. Amending and restating the By-laws will eliminate the need to review or debate the original By-laws or previous amendments for accuracy. The document can be re-adopted in its entirety, including these changes, resulting in a single authoritative document. A certification has been added to the proposed By-laws to this effect.

Approval. The Board has directed that this proposal be included on the 2025 ballot. Because votes can be cast by electronic ballot any time from the day it is activated until the night of the Annual Meeting, this question is a strictl "up-or-down" proposition, and the document cannot be further amended at the meeting because not all of those who have already voted will be present to consider such amendment. In accordance with Section 355.601, Missouri Revised Statutes (because it affects Classes A and B differently), approval will require an affirmative vote of the Members of each class by two-thirds of a quorum of Members present in person or by proxy or a majority of the voting power, whichever is less.

Complete Document Available for Review. An annotated complete copy of the proposed Amended and Restated By-laws is available for review at the RLPOA office, in the March *Shoreline* and on the RLPOA website, with all additions highlighted and all deletions struck out and highlighted.

At the February Work Session, Tuesday the 25th, we want to hear your questions. You can attend in person, drop off questions to the office or email residentinput@rlpoa.com

Lake Life Reimagined

News from the Long-Term Community Investment Committee:

Raintree Lake celebrated it's 50th birthday this year, and it's our job as members of the community to keep it going another 50 years into the future. The Long-Term Community Investment Committee was tasked to evaluate the state of Raintree Lake through the lens of its long-term viable fiscal responsibility.

Raintree Lake - Current Financial State:

About 97% of our total revenue goes to serving the daily needs of the community, and around 3% goes to the emergency fund/general account. The Reserve Study, which is a report compiled by 3rd party independent professionals hired to provide directional guidance of community assets, suggested maintenance spend of nearly \$1,350,000 for 2021-2024 for infrastructure type projects. This number doesn't include additional items like maintaining the seawall, siltation dredging of the lake or investment in new amenities. The dredging alone is \$4M+ over the next 5-10 years.

Raintree Lake - Future State:

The goal of the committee is to suggest the necessary steps to protect Raintree Lake's integrity of assets for the benefit of all its members. This means that if we continue investing in repairs or improvements with existing funding levels, our community assets will deteriorate even more over time. We have a community with 427 acres of common ground, a 260-acre lake, a clubhouse and activity center, 6.5 miles of trails, multiple walking an Olympic size pool. playgrounds with parks. and an employee staff to keep it all running. These assets must be maintained and improved upon to keep Raintree Lake a destination community in the Kansas City metropolitan area.

Our Ask of the Members:

We need your help, as a little from each member equals a lot from all. Throughout Raintree's history, annual dues were not always adjusted to account for the annual CPI (consumer price index) as allowed in the by-laws. The greatest period impacting this were the years the developer controlled the association. This period, along with previous Boards' decisions to not adjust dues for CPI, created our current revenue crunch. We are asking members to support a one-time (permanent) dues increase. The new dues amount will be the baseline for future CPI-based increases. The dues increase proposal will offer 3 different amounts for our members to vote for - \$21, \$27, or \$33 per month. This increase would allow our HOA an additional \$500,000 - \$800,000 to invest in existing and new amenities if any increases are approved. We compared monthly HOA dues for other lake communities in the area and our current dues of \$650 annually are about 50% to 70% lower than any other lake community in the area. If any of the three options pass, no matter which one, the annual dues for Raintree will still be the lowest of all lake communities in the comparison.

Winter Remains Aloof!

Of the four seasons, spring entices, summer makes you welcome, autumn gives you a lingering farewell,

but winter remains aloof. We think of it as harsh and uncompromising. We call it the dead months, the night of the year, the return of the Ice Age, the Winter of our discontent.

Yet, in it's own way, winter is a time of vigorous life. Frosty air sets our blood racing. The cold nip of wind quickens our step. Animals and birds live intensely, stimulated by cold, using all their powers and capacities to survive. Winter provides the testing months, the time of fortitude and courage. For seeds and insects eggs, this period of cold is essential to sprouting or hatching. For trees, winter is a time of rest. It is also a season of hope and planning. The days are lengthening. The sun is returning. The whole year is beginning. All of nature, with bud, seed and egg looks forward.

Boat Slip Leaseholders:

Did you know you could sublease your boat slip while retaining your lease? Many boat slips remain unused every summer, and many residents are anxious to sublease your slip from you! Every month there are ads in the classified area of this newsletter, from people looking for a slip to sublease. This is a win-win situation! You remain the leaseholder while earning back your money and another resident has the pleasure of using your slip for the summer. Sublease forms are available at our website at www.rlpoa.com or in the office.

Boat slip lease contracts have been mailed.

Both contract and payment are due in the office by Saturday, March 15th.

2025 Board Election—Attention Board Candidates

Annual Meeting. At 7:00 pm on Thursday, March 27, 2025, the annual meeting of the membership of Raintree Lake Property Owners Association (RLPOA) will be held in accordance with RLPOA By-Laws. The most important item of business for the annual meeting is the election of the Board of Directors.

To Become a Candidate. If you are interested in running for the RLPOA Board of Directors. Please make your candidacy known to the office by Saturday, February 15, 2025, to appear in the March Shoreline. Although nominations can be accepted up to the close of nominations at the March 27 annual meeting and included on the electronic ballot, candidates declaring earlier will have a clear advantage over those who enter later, particularly because many members will have already voted electronically or by mail before the annual meeting. The Shoreline and the RLPOA website and FB site will also publish your timely submitted biography, statement and responses to any questions posed by the Nominating Committee, along with your photo, if you furnish one. Please remember that there is no provision for write-ins on the Proxy Ballot. Deadline for the March Shoreline is February 15. Please complete the form on page 9 of this edition of this Shoreline and turn it in to the Raintree office by Saturday, February 15, 2025.

Candidate Forum. There will be a candidate forum held at the clubhouse at 7:00 pm on Thursday, March 13, 2025, to let the 2025 Board candidates introduce themselves and give members an opportunity to question them ahead of the annual meeting. This forum addresses a need created by the advent of electronic voting in advance of the annual meeting, making candidate introductions at the meeting far less valuable.

Service to the Community. Over the years, our Association has benefitted from the service of our Board of Directors. All are dedicated men and women who have been willing to give their time to maintain and improve our lake community. The RLPOA is a not-for-profit corporation which functions as a "private government" under the recorded covenants, responsible, among other things, for management of millions of dollars worth of lake and other common real estate and enforcement of rules to help maintain property values for all of us. Without a continuing supply of such dedicated volunteers to provide continuous governance and oversight, our community would cease to be the attractive and comfortable neighborhood that we enjoy, and property values would suffer accordingly. It is the responsibility of the Nominating Committee to identify and encourage good candidates to run for the RLPOA Board, and in that spirit we especially encourage new residents as well as established residents who have never served on the Board to consider declaring their candidacy for the March election. Further, it is neither fair nor prudent to rely too heavily on the willingness of incumbents to seek re-election.

Differences between Class A and Class B Directors. Our By-Laws, as amended, provide for a Board of nine directors, seven elected by Class A members and two elected by Class B members. Simply stated, this determines how many directors can be elected by the membership of each class and does not require that Board members be members of the class they represent (or that Board members even be RLPOA members at all). Since we elect three directors each year to serve three-year terms, two of those years the members of Class A elect two directors, and the Class B members, one. The third year of the cycle the Class A members will elect all three (and after that the cycle repeats). This being the second year of the current cycle, two Class A directors and one Class B director will be elected. (Note: if the By-Law Amendment appearing on the 2025 ballot is approved, the separate election of directors by class will terminate, and all directors will be elected at large by both classes in a continuing three-year cycle.)

Board Candidate Forms, Nominating Committee Contact. Forms are available at the RLPOA office (at the Clubhouse) or on page 9 of this issue of the Shoreline, to declare candidacy for the Board, or you can contact any member of the Nominating Committee to express your interest or ask questions. Give something back to your community. Both you and the community will be better for it.

Class A Single-Family

I am a fairly new resident to this community. I was on the city counsel for Lake Tapawingo for 4 years as well as the BZA. I have previously worked with the Country Club at Lake Tapawingo at the firework's tent & helping with the BBQ's. So far regarding the Raintree Covenants, Rules and Regulations and their enforcement I like what I have seen.

NEWS FROM THE GARDEN CLUB

I'm sure there are many residents that are not aware that the Garden Club was founded in 2003. Over the years members have come and gone, but the Garden Club's commitment to keep the Raintree Lake Community a beautiful neighborhood for the residents has not changed. The Garden Club is a women's social club with an emphasis on planting flowers and gardening. In addition, we try to help local charities as well. The club meets monthly on the third Wednesday at 7:00pm at the Duck Pond Activities Center. The yearly dues are \$35.00. There are various activities throughout the year - a Spring planting party, Summerfest participation, Mum fundraiser, and monthly meetings with activities or a speaker. The Garden Club is composed of lovely ladies of all ages with diverse gardening interests. Joining the Garden Club is a great way to meet some neighbors, make new friends and have a fun night out every month.

The MUM Fundraiser money is used for the Raintree Duck Pond Christmas Lights every single year. The lights looked beautiful this year.

The January meeting is always for our business meeting setting up the club agenda and officers for the new year. Since the meeting is scheduled after the deadline for the February Shoreline issue, the meeting highlights will be in the March issue.

If you are interested in joining the Garden Club contact Tracy Robertson at trobertson55@aol.com.

Cute idea for painting rocks!

February: Month of Love & Flowers

February is best known for Valentine's Day, but also Groundhog's Day and President's Day. February is also Chocolate Lover's Month and the American Heart Month. February 3rd is "Feed the Birds" day and February 17th is 'Random Acts of Kindness" Day. February is a big month for flowers. Surprisingly, the red rose is not February's Birth Month Flower. Two flowers share this honor - the violet and the primrose. The violet signifies loyalty, faithfulness and watchfulness. If you give a violet to someone, you are letting them know "You'll always be there for them." Primroses are colorful

perennials of European origins that are not actually related to the rose. They are among the first flowers to bloom as winter retreats. Giving a primrose let's someone know "You cannot live without them."

RAINTREE CODES: Helping Maintain a Beautiful Neighborhood

10-Day List Reminder!! Section 7. Parking of Motor Vehicles, Boat and Trailers. No trucks or commercial vehicles, boats, or other similar water-borne vehicles, house trailers, boat trailers, trailers of every other description, campers or camping units shall be permitted to be parked or to be stored on any lot, nor shall any inoperative vehicle of any type be parked or stored on any lot for more than 72 hours unless they are parked or stored in an enclosed garage or in such other enclosure approved by the Architectural Board, except only during periods of approved construction on the lot. This prohibition of parking shall not apply to temporary parking of trucks and commercial vehicles, such as for pick-up, delivery, and other commercial services. (page 68 of Directory)

Should more than 72 hours be needed, each residence is allowed (two times a year) to be put on a 10-day list to extend that time. Just call the office and we will take care of it!

For those who are past the 72 hours and are not on the 10-day list, our Raintree Codes Compliance Officer will take a picture that is date and time stamped and send a warning letter for the first time. The letter gives the resident five days from the date of the letter to resolve the situation. Should the situation remain unsolved, the resident will receive a second letter, informing them that a \$500 fine has been assessed.

Why the \$500 fine? In the past, some residents chose to leave their boat/trailer, etc. on the driveway through the winter months, incurring Raintree fines, which turned out to be a more cost-effective choice for the residents than to pay to store elsewhere. So, in response, the Raintree Board of Directors chose to raise the fine to \$500 to prevent this situation in the future. Remember, for any fine— You have the right to appeal!

Should you have any questions, the Raintree Office is the best place to receive guidance. Give us a call at 816-537-7576.

NOTE: The above quoted rule, specifically regarding boats and boat trailers, is voted upon each year by Raintree residents. IF the vote to waive this part of the rule gets passed again this year a Raintree resident in good standing, with a watercraft that is in operable condition, bearing a Raintree sticker (on both watercraft and trailer), may have their boat and/or boat trailer on their driveway between April 1 and October 31st.

Your commitment is to attend some of the Monthly meetings (held the 2nd Thursdays each month at DPAC, 7pm) and be available some of the time to volunteer for the Events!

Lee's Summit crews plow and treat more than 1,000 lane miles of streets and cul-de-sacs

Snow Control Response Levels

Lee's Summit has established snow control goals which include a completion time for each level of response. The goal time starts when accumulating winter precipitation ends and is dependent upon the severity of winter weather conditions.

Level 1: pre-treatment

- Level 2: one inch or less; 24 hours
- Level 3: one to six inches; 32.5 hours and six to ten inches; 40 hours
- Level 4: more than ten inches; 48 hours
- Level 5: sustained winds of 30 MPH; 48 hours

Street Classifications

Three street classifications are used for snow control. Primary and secondary roads are the main priority when the snowfall begins. Residential streets are plowed last.

Primary: major four-lane or high volume two-lane streets

Secondary: minor thoroughfares

Residential: local streets, includes dead end streets and cul-de-sacs

Residential Streets

When snow is falling or when heavy snowfall is predicted, the Public Works Department plows one pass on residential streets and around cul-de-sacs which allows for a drive lane down the center of the street. Once snowfall stops or one pass is complete, crews will return and plow streets open as much as attainable.

Private Streets, Driveways and Sidewalks

Plowing snow on private property is the property owner's responsibility. Shoveling snow to the side of the driveway will lessen the amount of snow left at the driveway entrance and/or sidewalks during plowing.

Tips to Remember

- •Remove vehicles, basketball goals, and trash cans from streets to prevent delays and to improve the snow control process.
- •Clear snow from around fire hydrants so they can be easily located during emergencies.
- •Do not make snow tunnels on or near the street and driveways. Snow plows and other drivers may not see these and could accidently injure someone playing inside of them.
